## Worldwide SERVICE PARTNER

# SERVICE with EXPERIENCE

SMS Meer has unique competence in machine and plant engineering going back to 1872.

This results in modern plants and production processes that set standards on the world markets.

We build on this vast experience: With innovative concepts and a range of tailored services.

Our aim is to support our customers with our service competence even after commissioning of their plant.

Rely on the know-how of SMS Meer also when it comes to service – and safeguard your lead for many years to come.

**You look after your customers, we take care of your machines!**

## Our service – YOUR BENEFIT

As your service partner, we share our knowledge and manufacturing know-how with you. We offer you customised concepts and tailored back-up support over the whole service life of your plant.

With our OEM service packages, you safeguard the value of your plant for many years to come. Our services offered are geared to increasing the productivity and availability of your plant, improving the product quality and achieving a lasting reduction in operating costs.

### Our range of supplies and services:

- Erection and Commissioning
- Start-up Support
- OEM Spare Part and Repair Service
- Equipment Checks
- Equipment Audit
- Maintenance Management
- Modernisation
- Training Programmes
- Emergency Service

**We look forward to  
advising you!**

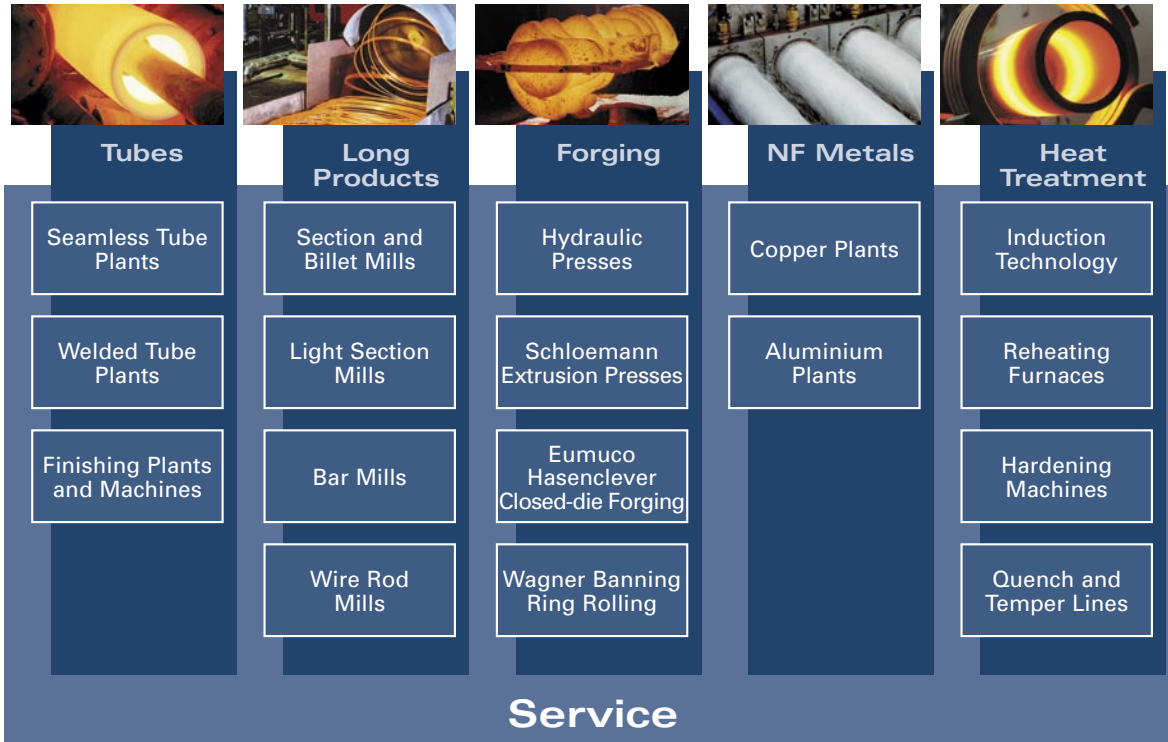

# SMS Meer – AT YOUR SERVICE

SMS Meer is represented by subsidiaries and representative offices on every continent.

This proximity to the customer means that we can react quickly and flexibly to your needs.

Whatever your plans, whatever your problems, our experts will be glad to help you with further details and advice at any time. All you have to do is call!

**We'll make sure you stay ahead.**
